

# HIGHER & DEGREE APPRENTICESHIPS: THE ESSENTIALS

We've collected together the top five things you need to know about Higher and Degree apprenticeships.

## 1 What are higher and degree apprenticeships?

With the growth of higher and degree apprenticeships, young people and adults now have a real alternative to traditional university study. You will build your career, gain professional skills, status and accreditation all whilst being in a job and earning a salary.

## 2 A degree without the debt

Apprentices will not need to pay anything towards this fantastic opportunity as the Government have additional budget to fund the higher education qualifications that make up a higher apprenticeship.

## 3 What do the levels mean?

Levels 4 and 5 are equivalent to a Higher Education Certificate/ Diploma or a Foundation Degree, Level 6 is equivalent to a Bachelor's degree and Level 7 is equivalent to a Master's degree.

## 4 Designed by employers and universities

Employers have co-designed degree apprenticeships to make sure the course is relevant for the skills industry is looking for. Apprentices will split their time between studying and being in the workplace.

## 5 What subjects can you do?

We've got opportunities in Media and publishing, Law, Accountancy, Aerospace, Banking, Recruitment, High Performance Engineering, Life sciences, Cyber Security, Ambulance services, Aviation, Quantity and Chartered Surveying, Civil Engineering, Human Resources, Chartered Management, Nuclear Engineering, Outside Broadcast Engineering, Veterinary Nursing – the list is endless!
